^S&P / ASX 200 Accumulation Index

Past performance is not an indicator of future performance for this option or any other option available from Colonial First State.

For options less than 12 months old, meaningful performance figures are not yet available.

All returns are calculated on an annualised basis using exit price to exit price with distributions reinvested, net of management costs, transaction costs and for FirstChoice Personal Super and FirstChoice Employer Super net of tax payable by the trustee. All return calculations exclude contribution surcharge, excess contribution tax or individual taxes payable by the investor and all other fees and rebates disclosed in the relevant product disclosure statements available on our website or by calling us. For FirstChoice Investments, the 'distribution' component is the amount paid by the way of distribution, which may include net realised capital gains.

* Management costs include management fees, estimated performance fees (if applicable), investment expenses and custody fees but do not include contribution fees, transaction costs or adviser or plan service fees which may also apply. Please refer to the PDS for full details of the applicable fees and costs.

Investment objective

To closely track the S&P/ASX 200 Accumulation Index with the aim of generating returns (before tax and fees and assuming income is reinvested) comparable to the Australian sharemarket, as measured by that benchmark.

Investment strategy

Detailed risk analysis is used to design a portfolio of shares which provides the greatest likelihood of matching the performance of the S&P/ASX 200 Accumulation Index. All shares in this option are maintained within a very close margin to their weight in the Index. The option predominantly invests in Australian companies and therefore does not hedge currency risk.
